

**SCHOLARSHIP APPLICATION –
PAGE -2-**

Please take a few moments to reply to the questions below. This information will help us in our process of awarding the ECOC Chautauqua Scholarship.

1. What would a week at Chautauqua Institution mean to you or to you and your family? What would you (or you and your family) hope to do or to experience?
2. ECOC guests often return year after year because they value the mutually enriching experience of participating in Chautauqua events while sharing the lived experience of community in one of our three residences—on the porches and especially in the kitchens. We would be happy to provide more information about what ECOC offers. Meanwhile, would you reflect briefly on what such a multidimensional learning experience might be like for you and/or your family?
3. We would like you to feel fully welcomed. What kind of orientation do you think you might appreciate as you and/or your family prepare to come and as you settle in?
4. Do you and/or your family have interests, talents, hobbies that might be broadened by your time at Chautauqua and with us? That you might be willing to share?

PAGE -3-**

5. How would you describe, in two or three sentences, the part of your work in the community that is most important to you?

6. Please tell us a little about your family. For instance, do you or any members of your family have special needs. If yes, please describe.
